- The level of compensation paid to each of the Directors is approved annually by the general meeting of the shareholders of the Company.
- Executive Directors also execute additional duties as members of the Executive Management Team. The level of compensation paid to the members of the Executive Management Team is proposed by the chairman of the Board of Directors (save where he is subject to the procedure) in accordance with this remuneration policy and the incentive plans drawn up by the Nomination and Remuneration Committee of the Company (the "**N&R Committee**") and is reviewed and, if necessary, adjusted by the N&R Committee on an annual basis. The Board of Directors shall approve any long-term management incentive plan. Non-executive Directors constitute the majority in the N&R Committee of the Board of Directors of the Company.

Structure of the compensation of the Directors of the Company

Remuneration is one of the key instruments for companies to align their interests and those of their shareholders and other stakeholders. As per the provisions of the Shareholders' Rights Law, the Company is required to establish a remuneration policy ensuring such interest alignment and contributing to the business strategy, long-term interests and sustainability of the Company.

Compensation of the Directors of the Company is comprised only of the remuneration paid for the services provided by the Directors in their capacity as members of the Board of Directors of the Company.

A. Executive Directors

I. Fixed remuneration

Fixed remuneration consists of fees determined in a service agreement (the “**Service Agreement**”) or employment contract (the “**Employment Contract**”) entered into between each executive Director and the Company. The fees foreseen by the Service Agreement or Employment Contract of each executive Director are approved annually by the annual general meeting of the shareholders of the Company based on the proposal of the Board of Directors. The fixed remuneration is paid for the services provided by the executive Directors in their capacity as members of the Board of Directors, as described in the Corporate Governance Charter of the Company available on Company’s website <https://www.kernel.ua/investor-relations/corporate-documents/>.

II. Variable remuneration

Executive Directors are not entitled to variable remuneration for their services as members of the Board of Directors.

IV. Pension schemes

The executive Directors do not benefit from any pension or retirement schemes set up by the Company.

V. Other contractual details

As described above, each executive Director enters into a Service Agreement with the Company which specifies key contractual terms of the respective engagement, including, but not limited to the respective remuneration and termination details.

The Service Agreement may be terminated at any time and without reason by the Company by way of delivering a written notice of termination to the executive Director. In such case, termination will become effective thirty (30) days after the receipt of the written notice by the executive Director.

Any executive Director may terminate at any time and without reason her/his Service Agreement by way of delivering a written notice of termination to the Company. In such case, termination will become effective ninety (90) days after the receipt of the written notice by the Company.

Notwithstanding the above, the Service Agreement can be terminated without notice with an immediate effect in case one of the parties to the Service Agreement does not observe its legal obligations and/or contractual obligations set out in the relevant Service Agreement.

The Service Agreements between each of the executive Directors and the Company are established for an unlimited period of time, subject to the regular renewal of the mandate by the general meeting of shareholders. The mandate of the chairman of the Board of Directors is renewed every five years. The mandates of other executive Directors are renewed each year.

One executive Director is entitled to the compensation as an employee of the Company or subsidiaries of the Company.

The non-executive Directors' remuneration consists of a fixed annual fee or a remuneration in the form of a fixed fee for each attendance of a statutory session of the Board of Directors, a statutory session of the Audit Committee, and/or a statutory session of the Sustainability Committee (*jetons de presence*) and does not contain any performance-based variable component (including, but not limited to any share options, other securities or financial instruments giving right to acquire shares of the Company as a consequence of being converted or the rights conferred by them being exercised), ensuring a certain degree of independence when fulfilling their duties as members of the Board of Directors. The remuneration of each non-executive Director is determined in a service agreement entered into between such non-executive Director and the Company. The aggregated fixed remuneration of non-executive Directors and the remuneration in the form of *jetons de presence* is approved annually by the annual general meeting of the shareholders based on the proposal of the Board of Directors. The fixed remuneration and the remuneration in the form of *jetons de presence* is paid for the services provided by the non-executive Directors in their capacity as members of the Board of Directors, as described in the Corporate Governance Charter of the Company available on the Company's website <https://www.kernel.ua/investor-relations/corporate-documents/>.

Non-executive Directors are entitled to the reimbursement of certain traveling, hotel, and other expenses related to the exercise of their directorship duties.

Structure of the compensation of the members of the Executive Management Team

Three executive Directors in their capacity as members of the Executive Management Team also receive compensation for their services provided to subsidiaries of the Company, with such compensation being paid by the subsidiaries of the Company.

Compensation of the members of the Executive Management Team (15 people in total as at the date of the adoption of this Policy) is based on a pay-for-performance principle, rewarding sustainable growth and long-term value creation for shareholders of the Company. A significant portion of remuneration comes from a variable part depending on the Group's consolidated financial performance. The compensation structure of the Executive Management Team is as follows:

I. Fixed remuneration

Members of the Executive Management Team receive a base salary determined at the discretion of the Board of Directors, commensurate with the respective position and the

individual profile of the relevant members in terms of qualifications, skill set, and experience. All amounts are fixed and shall be paid monthly. For the 12 months ended 30 June 2023, the aggregated base salary for 15 members of the Executive Management Team amounted to USD 2,683 thousand paid by the subsidiaries of the Company.

II. Variable remuneration

An annual variable monetary bonus (if applicable) is paid as well. Such bonus is determined by the formula approved by the Board of Directors upon the recommendation of the N&R Committee. The bonus shall reward the members of the Executive Management team for the financial performance of the Group which derives from the financial performance of each of its subsidiaries where each respective member of the Executive Management Team is employed or has contractual obligations. The structure of the variable remuneration is as follows:

- The bonus pool for 13 members of the Executive Management Team (the “Bonus Pool”) is expressed as a percentage of the consolidated EBITDA of the Group less the consolidated financial costs of the Group normalized for the effect of certain one-off and nonrecurring transactions (“**EBITDA Less Finance Costs**”), with a minimum threshold level of USD 123 million required to activate the pay-out. The Bonus Pool as a percentage of EBITDA Less Finance Costs is gradually increasing starting from 0.46% of EBITDA Less Finance Costs in case EBITDA Less Finance Costs exceeds USD 123 million and reaching 3.66% of EBITDA Less Finance Costs in case EBITDA Less Finance Costs exceeds USD 443 million. The exact allocation of the Bonus Pool between the relevant members of the Executive Management Team is determined by the N&R Committee.
- Two members of the Executive Management Team have different metrics determining their variable remuneration, including the financial results of the business divisions they lead, Group EBITDA, and personal key performance indicators.
- Some members of the Executive Management Team may have other key performance indicators determining their variable remuneration, including the ESG targets.

The variable remuneration is paid by the subsidiaries of the Company for duties and services provided by members of the Executive Management Team to subsidiaries of the Company.

III. Long-term management incentive plan

Eight members or former members of the Executive Management Team are subject to the long-term management incentive plan which shall reward such members of the Executive Management Team for accomplishing individual performance goals related to the duties and services provided by such individuals to subsidiaries of the Company, altogether contributing to the better financial and non-financial results of the group of companies to which the Company belongs over the long-term period and aligning the interests of the Executive Management Team with those of the shareholders of the Company. The long-term management incentive plan is duly reviewed by the N&R Committee and approved by the Board of Directors after the generic terms thereof having been approved by the general meeting of shareholders. Eight members of the Executive management team are granted with put options providing the right but not the obligation to sell a fixed number of Company’s shares owned by management at the moment at Put Price during the exercise period:

- exercise period shall commence on 1 November 2024 and end on 31 December 2025

(or on 31 December 2026 in certain cases). If no put options are exercised during Exercise Period, then such put options shall lapse. Put option also provide for acceleration events which dictate that the put options may be exercised before the commencement of the exercise period (but in any case after the date falling on the expiry of twelve (12) calendar months following the occurrence of the relevant event) if the following events occur: 1) the cessation of trading of Company's shares at the Warsaw Stock Exchange or any other recognised stock exchange; or 2) a change of control event where the shareholding of Namsen Limited or its ultimate beneficial owner in Kernel's total votes falls below twenty five percent (25%).

- Put Price is determined as lower of (1) USD23.80; or (2) operating profit before working capital changes minus interest paid plus interest received minus interest tax paid minus maintenance capital expenditures in the fixed amount of USD155,000,000, where all amounts, except for the maintenance capital expenditures, are specified in USD in the relevant paragraph of the consolidated statement of cash flows of the audited annual consolidated accounts of the Company and its subsidiaries for the Financial Years 2022-2024, divided by 3 divided by 12% and divided by 84,031,230.
